Ms Inmaculada Ramirez Leria from Zerimar, Spain

Fashion Access fulfilled all our expectations. It is a big and international fair which shows bags in a more targeted place. We have found many new contacts and already placed 6 orders; we are going to place more on the last day.

Mr Ash Hammed from Fonz Leather Styles, UK

I am more than satisfied with my visit to Fashion Access. The show really opens my eyes. It is a very international meeting hub for fashion accessories. The variety of products at the fair is wide. I have definitely gained from this fair.

Ms Claire Yali Higgins from Clarita Accessories, USA

I managed to find quality handbags made with beautiful materials, and Fashion Access' exhibitors are able to produce what I wanted. This fair also allows me to see many suppliers under one roof.
