

BLC's One Day Understanding Leather Training Course.....

Tuesday 27 April

This leather course is aimed at buyers, technologists, sales staff, customer service and designers.

- Where does leather come from and materials used
- Leather Types and definitions
- Leathermaking – the process
- Problems that may occur and case studies
- Tannery Visit
- Why test?
- Restricted substances and specifications

There will be an opportunity to discuss any issues you may have been faced with in your role. The new found knowledge gained from this training course should help the delegates communicate with their suppliers in the future.

For more information please contact Melanie or Tracey on 01604 679999 or e-mail
