

Falcon International are now the new distributors for the bestselling Tony Perotti range

For many years Tony Perotti has been an essential bestselling leather range for any retailer and is renowned for its high quality ranges. **Tony Perotti is the leading designer of [Italian leather Briefcases](#), [leather wallets](#) and [leather handbags](#).**

The Tony Perotti Italico Collection artistically combines the classic elements of substance and shape. Made from resilient, hand-finished Italian Bull leather. The antique-finish fittings and signature lining adds hints of fashion. Italico products are shaped and formed to masterpieces of sophistication, it does not just have a statement of style but of social status as well. The collection is also hand-tanned in vegetable oils and can be recognized by its clean aroma.

Tony Perotti's newest Leather Contatto Collection, where the raw Leather and tanning process are Italian, and where natural astringents are added to the leather to give it a pebbled appearance. For the Conttato Collection Tony Perotti selected a chrome process to imbue the leather with a plump, buttery softness that makes it soft as a glove as well as very durable. Tony Perotti has decided to put his personal signature in this collection by addressing every detail in the design of Conttato collection: leather-tipped organization pockets, nylon lining and shoulder straps, and a light weight construction all ensure decades of durable use.

Finally Tony Perotti are proud to announce the much talked about Green Collection which is an [Eco friendly Italian leather](#). The Green Collection is distinguished because of its soft feel and matte finish.
